## ATMC ISSUES \$1.75 MILLION IN CAPITAL CREDIT REFUNDS

Allen Russ, CEO/General Manager of ATMC, recently announced that the Board of Directors has approved and issued over 1.75 million dollars in Capital Credit Refunds to current and former cooperative members who had service in 1994. Because ATMC is a membership cooperative owned and governed by its members, the company refunds its subscribers portions of revenues not used for expenses in a given year. These refunds are called Capital Credits.

Lyle Ray King, ATMC Board President, commented, "With today's uncertain economic times, the Board of Directors is pleased to be able to give back one of the largest capital credit refund disbursements ever issued. ATMC has a long history of giving back to its members and has issued over \$22 million dollars in Capital Credit refunds since 1988. Our ability to do this is a tremendous benefit to our members and the Brunswick County economy."

## 51st Annual Meeting

Friday, October 10, 2008  
Odell Williamson Auditorium  
Brunswick Community College

**7:30 PM**

Registration begins at 4:00 PM

Featuring

Over \$5000 in cash & prizes

Join us!

## ATMC LAUNCHES COMMUNITY WEB PORTAL

ATMC is pleased to announce the launch of a new community website at [www.atmconline.com](http://www.atmconline.com). ATMOnline.com features information and links for local, state and national news, sports, weather, games and a variety of additional information. The Brunswick Beacon has agreed to provide local news content, and feeds from the Star News, Sun News and WWAY-TV3 are included.

ATMOnline.com includes a calendar of local events and will eventually include local video clips shot for air on ATMC-TV. Local schools, government agencies, service organizations, clubs, civic groups and individual citizens are able to submit community information, events, photos, classified ads, announcements and other content.

"I am very excited about the launch of [atmconline.com](http://atmconline.com) because it brings a

## MANAGER'S COMMENTS

Allen Russ

On Friday, October 10th, the 51st Annual Membership Meeting of Atlantic Telephone Membership Corporation will be held at the Odell Williamson Auditorium on the campus of Brunswick Community College. The evening promises to be both informative and entertaining, and I invite you to come out and be part of this great event. Registration begins at 4:00 and a barbecue pork and fried chicken dinner will be served until 6:30. Entertainment for the evening will feature down-home humorist Wayne Ates and music by the Duke Ladd Big Band. The business meeting will begin promptly at 7:30. All members who register will receive a free gift and a chance to win a door prize.

In other news, I am very pleased to inform you that your Board of Directors at their August Board Meeting approved a capital credit refund for over \$1.75 million dollars, which represents profits from 1994. Approximately 20,000 members who had services with the cooperative during this period will receive a check this month. With this distribution included, ATMC has refunded over \$22 million dollars to members since 1988.

On behalf of ATMC, thanks for letting us serve you and I look forward to seeing you at the Annual Meeting on October 10th.

## ATMC ADDS TWO NEW WIRELESS SITES

ATMC has announced the completion of two additional ATMC Wireless transmission sites. The newest sites are located in the Exum and Green Swamp (Supply) areas.

The Exum transmission site is providing additional coverage around the Exum community and neighboring Columbus County.

The Green Swamp site should add roadway coverage on Makatoka Road, Camp Branch Road and Exum Road between the Exum, Supply and Honey Island areas. This site should also improve coverage on Highway 211 between Supply Ball Park and Honey Island.

ATMC Wireless is the authorized retailer of AT&T Wireless Services and is part of the nationwide AT&T Wireless Network. With these additions, ATMC Wireless now has 44 wireless transmission sites inside of Brunswick County.

## ATMC LAUNCHES COMMUNITY WEB PORTAL (CONTINUED)

variety of content together in one easy-to-use website," commented ATMC CEO Allen Russ. "I've made it my homepage so that it's the first place I go when I'm online."

ATMC customers can log in with their ATMC Webmail username and password to arrange their content information modules, add their favorite links and RSS feeds, check their ATMC email accounts and pay their bill via the myATMC online bill payment site. There is no cost to use ATMCOnline.com. To learn more about ATMC's new community website, log on to www.atmconline.com.

The screenshot shows the ATMC Online web portal. At the top is the ATMC Online logo and a navigation menu with links for Home, Local, News, Weather, Sports, Finance, Entertainment, Video, Health, TV Listings, and Links. Below the menu is a search bar with a Google logo and a search button. The main content area is divided into several sections: 'Today's News @ ATMC' with sub-links for Local, National, Entertainment, Sports, Finance, News Media, and Feeds; a 'Local' news section with a featured article about a fishing team; a 'Post your Community News, Events, Photos & Classifieds' section with buttons for posting news, events, classifieds, and photos; a 'Welcome Guest' section with a Webmail-Portal Login form; and a 'PHONE DIRECTORY SEARCH' section with a search form and radio buttons for Yellow Pages, White Pages, and Index. There are also advertisements for myATMC and New Promotions on the right side.

## ATMC - Privacy Information

As a customer of ATMC, you are entitled to know what we do with personal information about you that we receive. We consider our treatment of such information to be a part of the trust you place in us by using our Telephone, Cable Television, and High Speed Internet Services. We have updated this notice to better answer questions you may have, but our basic privacy policy remains the same. We keep only the personal information of our customers that is needed to provide our services, treat it as private, use it only for what we offer you, do not sell it to others, work to keep it secure and destroy it when no longer needed. While we cannot cover here every situation where your personal information may be affected, we have included those we believe are of most interest.

By law, 47 U.S.C. 551, we tell you annually about our privacy policy, and you can find additional and updated information at any time by visiting our websites at ([www.atmc.net](http://www.atmc.net)). You can learn more about your privacy rights by visiting the websites of the Federal Trade Commission, ([www.ftc.gov](http://www.ftc.gov)), and the Federal Communication Commission ([www.fcc.gov](http://www.fcc.gov)). If you receive your bills electronically, this notice will be sent to you similarly. If you cannot print an electronic copy of this notice, please contact us at ([contact@atlantictelphone.org](mailto:contact@atlantictelphone.org)).

### INFORMATION WE COLLECT

**Personally Identifiable Information** – In providing services to you, we obtain certain “personally identifiable information”, that is, information that identifies you individually (“your information”). Your information may include: name, service address, billing address, telephone number(s), social security number, driver’s license number, premium services you have selected, demographic information, user ID(s), password(s), email address(es), correspondence and communications records. We maintain customer information concerning credit, billing and payment, security deposits, maintenance and repair, equipment and services provided and other service-related functions. In providing our services, we may also collect information about your video equipment, phone system(s), computer hardware and software, modem(s), router(s), settings and other preferences to aid in customer support.

It is our policy to collect only the personal information needed to provide the services we offer with the quality you desire and deserve. It is also our policy to keep that information secure and to retain it only as long as needed for our business relationship or as the law may require. We take reasonable precaution to identify you or your authorized representative when we receive an inquiry on your account. We also take reasonable steps to protect your information from unauthorized access.

We sometimes collect personal information for special reasons, such as in surveys or registering at our Web sites. In these instances, you will be notified before it is collected, told how it will be used and may elect not to participate.

**Cable Television Services** – We collect certain information in providing you with our cable television and other services. The law prohibits us from using the cable system to collect personal information for unrelated purposes without your consent.

Unless you are notified and agree, we will not collect user information concerning most video program viewing, except as needed to bill you. In providing some specific cable television services, such as pay-per-view, entertainment-on-demand and interactive cable services we do maintain limited usage information for billing, programming and related purposes. Aggregate information that does not identify you may be collected and used for programming, advertising and similar purposes. When we provide digital video recorder services, we may also receive detailed information concerning your use and operation of the recorder for the uses described below in “Use and Sharing.”

**Internet Services** – Like most Internet service providers, we automatically collect certain general information concerning your use, such as the Internet Protocol (IP) addresses assigned (an identifier assigned to your computer while online), bandwidth used, system and connection performance, browsers used, dates and times of access, and Internet resource requests, including requests to access web pages. This type of information is generally retained for about six months. We do not store online messages sent and received unless left in your ATMC High Speed Internet account file. Since we cannot control Web sites or Internet services provided by third parties, we recommend that you review the terms of service and privacy policies of those Web sites and services. You can find more detailed information concerning our Online Privacy Policy on our websites at [www.atmc.net](http://www.atmc.net).

**Telephones Services** – We provide telephone services by traditional “switched” technology. We do not listen to or record your calls. We do, however, monitor certain calls to our staff for quality purposes. If you object to this, you may come to either of our two offices and speak with a customer service representative. In providing telephone services, we do receive usage information, including numbers called and received and duration of calls. We

retain this information for up to two years, as required by some authorities and treat all such information as private.

### USE AND SHARING

**Use Policy** – We consider your information confidential, and use it only in providing our cable television, Internet and telephone services for such things as sales, installation, operations, administration, advertising, marketing, support, network management, maintenance, customer care, communications with you, billing and collection, and for accounting and tax purposes. We may also use such information, in dealing with fraud and unauthorized use of our services, or when required under the law.

We use aggregate information about our customers and their usage for a variety of purposes. Such aggregated information does not identify individual customers. We may share such aggregate information with third parties, but will not share your own information with aggregate information or with information from others to better offer product and services preferences to you.

**Sharing Policy** – It is our policy not to disclose any personal identification information about you to others outside of ATMC and our affiliates, vendors and business partners without your prior consent. We do not sell or provide your personal information to parties unrelated to the services we provide without your permission. As a further measure, you can affirmatively opt out of such sharing by writing to the return address on your billing statement, or you may contact us online at [www.atmc.net](http://www.atmc.net). You can also notify us in either way if you prefer not to receive certain types of marketing contacts from us.

**Special Exceptions** – We reserve the right to disclose your information if we have a good faith belief that it is necessary to: (1) comply with the law or legal process served on us; (2) protect and defend our rights or property or those of others; (3) respond to fraud, abuse or unauthorized reception; (4) enforce our Website Visitors’ Agreement and Terms of Use, our Acceptable Use Policy or related standards; (5) act in an emergency to protect your safety or that of another. We may also share or transfer your information along with your account as a part of any sale or transfer of all or a portion of our business operations, merger or combination with another organization. In such a case, you will be notified of any changes in policy.

**Outside Parties** – ATMC sometimes uses affiliates, vendors or partners in providing our services and may provide your information for such purposes. We require that outside parties maintain at least the same level of confidentiality that we maintain. In addition, any use by the vendor may not exceed that needed to provide its service. We do not share your information with other third parties without your consent. If you become a customer of a third party directly, you should review its privacy policy, as it may differ from ours.

**Retention Policy** – ATMC may retain personal customer information in its regular business records as long as you are a customer or until no longer needed for business, tax or legal purposes. Our security measures for this information are discussed below.

**Telephone Services** – Federal and some state regulations limit our use and sharing of certain information concerning a customer’s telephone services. This information is known as “Customer Proprietary Network Information” or “CPNI”, and includes information on how you use our telephone services, such as your call patterns, service features, price plans, spending profiles, call destinations and related information. In offering our spectrum of local and long distance telephone, we do use your telephone service information to offer new services and pricing plans. If you do not want us to use your CPNI for this purpose, you may contact us at (910) 754-4311 or you may contact us at [www.atmc.net](http://www.atmc.net). On the other hand, if you would like us to offer you information on video and data services or would like to learn more about our bundled offers, please contact us in any of the same ways. Consenting to allow us to use your CPNI will help us offer you the best and most up-to-date services. Your consent will remain in effect until you notify us you want to revoke or change your permission, or as limited by law. Your choice will not affect the services you now receive. We do not disclose this information to unrelated parties, except as required by law.

**Directory Listing** – We offer our telephone customers the ability to designate their listings as non-published within print or electronic directories or directory assistance services. Because of the complexity of this process and the involvement of other entities in publishing, errors may occur from time-to-time. These and certain other telephone services are offered subject to tariff or contractual terms that limit our liability in the event of such errors.

**Cable Television Services** – We provide aggregate information concerning pay-per-view, entertainment-on-demand and interactive services to programmers, advertisers and certain other third parties. Digital video recorder (“DVR”) service information is not shared with programmers or third parties, except on an aggregate basis. If you use an interactive service to participate in or to order a product or service, you will be asked for your permission to provide contact information to the appropriate party. When we offer new services to you like

DVR and interactive features, we will also inform you about information we may need and how it may be used.

Internet Services – We do not read your email messages, instant messages, online chats, “voice-over-Internet” calls or the content of other online communications that reside on or pass through our Service. We may however, retain and provide such communications if we are legally required to do so. Incoming and outgoing email messages are generally scanned automatically to identify and filter out likely spam or harmful messages and for viruses, spyware and related problems that could harm your equipment, the network or other users.

### **INTERNET SECURITY**

Taking Proper Precautions – Maintaining the security of your personal computer is an important part of protecting your own privacy and of helping us protect our network and customers’ service. You should follow our Authorized Use Policy and use and update regularly your antivirus software, firewall and your operating system to prevent unauthorized access by others and harm from viruses. You should regularly back up your computer to preserve your files, including email or other messages you want to keep.

Persons with questionable intent may use the Internet or email to pose as someone you trust or do business with. You should always be sure who you are dealing with before clicking on an Internet link or giving personal information. To avoid all these and other forms of attack, we encourage you to visit our website at [www.atmc.net](http://www.atmc.net) or the Federal Trade Commission (“FTC”) at [www.ftc.gov](http://www.ftc.gov) for regular updates and tips on protecting yourself. The management of ATMC may take protective action related to your service or contact you directly with information from time-to-time to help with this effort. While we take reasonable steps to protect your services, we highly recommend that you regularly change your login password, using hard-to-guess combinations of numbers and letters. Once communications enter the Internet, it is possible for them to be accessed by third parties over whom we have no control. Moreover, since we cannot control the websites or services operated by third parties, you should review their terms of service and privacy.

Spam – ATMC tries to prevent and block spam, and we encourage your help by preventing unauthorized access to your computer. We suggest that you remain up-to-date on ways to avoid and combat spam by watching for advice and tips on our website at [www.atmc.net](http://www.atmc.net). We may use email to send transactional or relationship messages related to your service. If you prefer, you may opt-out of other marketing messages we may send by notifying us in response to any you may receive.

Cookies – A third party ad server that places ads on our websites may use “cookies” to collect anonymous information concerning your preferences. A “cookie” is a computer code added to a file on your computer as a record of its visit. It does not collect or provide your name or any other personal information about you. It can, however, be read by the website that placed it to note information about your visit, such as your type of web browser, operating system and Internet Protocol (“IP”) address. It can also be used to recognize you when you log in as a registered user or as a repeat visitor returning to our website. This allows us to tailor our site by remembering you and any options you select. You can control what cookies are accepted by your computer through the settings on your web browser or by deleting them from your files. Doing so, however, may limit any personalization available to you.

Third-Party Cookies and Web Beacons – These forms of computer code are sometimes placed by advertisers or others with connection to a webpage and may be read by the ad’s provider. They may use a form or code called a “web beacon” or “clear GIF.” These are usually contained in a transparent image on a page or in an image on an email message and serve as a way to gather information about your visit, such as your IP Address and information or statistics about your visit. As with cookies, you can use your browser settings to control web beacons with vendors, advertisers and others.

### **LAW ENFORCEMENT & LEGAL REQUESTS**

Information Disclosure – We regularly receive legal requests from government and law enforcement personnel for customer information. We also receive discovery requests in civil litigation. In all such cases, we operate by providing such information as the law requires. The laws concerning your privacy and government access change from time to time and may affect how we are required to respond. Under current law, many criminal subpoenas require that we not disclose or notify you of the request. Due to this fact and the volume of requests we receive, we do not assume any duty to notify you of receipt of any legal requests.

Internet Information – Your account records and information concerning your Internet access may be subpoenaed by a governmental agency or by others through the courts. Internet messages and files shared over “peer-to-peer” services often include your IP Address, and you can be identified in this way if we receive a lawful subpoena. As with telephone interception, details concerning your Internet access and the content of communications can be obtained by law

enforcement through a court order or similar authority. In addition, the law permits us to disclose to law enforcement, voluntarily and without prior notice, customer information, including the contents of communications, if we reasonably believe that an emergency involving immediate danger of death or serious physical injury requires such disclosure without delay.

Telephone Information – Current law requires law enforcement to obtain a court order or other similar authority for a telephone wiretap or to use a pen register or trap and trace device to capture dialing information. Voice-over-Internet services are subject to similar interception standards. Law enforcement can also subpoena account and call record information.

Cable Television Programming Section- Records concerning video programming selections may generally be obtained only under court order, after notice is given to you and you have the opportunity to object in court.

### **SECURITY OF INFORMATION**

We are aware of the many recently publicized instances of customer information security breaches and continue to work on new ways to protect your information. For our most sensitive databases, we use encrypted formats within controlled and secure environments that have restricted access. Nevertheless, although we endeavor to ensure the integrity and security of our network and computer systems, we cannot guarantee that our security measures will prevent unauthorized access.

### **CHILDREN’S PRIVACY**

The websites provided by ATMC are not directed at, or intended for use by, children under the age of 13. We do not knowingly allow anyone under 18 to provide any personal information on our websites. Children should always get permission from a parent or guardian before sending personal information over the Internet. If you believe your child may have provided us with personal information, you can contact us at the return address on this notice or found on your monthly bill and we will delete this information. You can find more information about protecting children’s privacy by contacting the FTC or viewing its website at [www.ftc.gov](http://www.ftc.gov).

### **CHILD PORNOGRAPHY**

As a provider of an electronic communications service, we are required by law to report any evidence we may become aware of relating to violations of laws concerning child pornography.

### **CUSTOMER ACCESS TO INFORMATION**

You may check the accuracy of personal information in your account by contacting a Customer Service representative. We also make a more complete review of your personally identifiable information available to you within a reasonable time following a request. You may examine the information and advise us of any errors you believe we should correct, upon prior request and at your own cost, during business hours at the ATMC office listed on the return address of this notice or noted on your billing statement.

### **YOUR ENFORCEMENT RIGHTS**

You can enforce your legal privacy rights concerning our collection, use and sharing of your personally identifiable information. Among your remedies is the right to seek damages under 47 U S C 551.

### **OTHER TERMS AND CHANGES IN POLICY**

Other terms and conditions affect our service offerings, including certain Cable Television service contracts, our Authorized Use Policy For High Speed Internet service, Tariffs and the Terms of Use for our websites. Changes in our service offerings, the law and policy may cause us to make changes to this and other policies from time to time. Any changes will be posted with the Online Privacy Policy at [www.atmc.net](http://www.atmc.net), which also contains provisions concerning privacy as relates to our websites.

### **ANNUAL DO-NOT-CALL REGISTRY NOTICE**

In an effort to reduce the number of unwanted telemarketing calls, the FCC has provided telephone subscribers the opportunity to register their residential telephone numbers, including wireless numbers, for inclusion in the national Do Not Call (DNC) registry administered by the FTC. You may register, or revoke registration of, your number without charge by calling the FTC’s toll free number, 1-888-382-1222 or TTY 1-866-290-4236, from the telephone number you are registering or revoking, or via online by visiting the FTC’s website located at [www.donotcall.gov](http://www.donotcall.gov). The FCC/FTC rules contain an “established business relationship” exception that permits a company that has such a relationship with you, like ATMC, to call you even if your number is on this national DNC list. For more information, see [www.fcc.gov/cgb/donotcall/](http://www.fcc.gov/cgb/donotcall/) and [www.ftc.gov/bcp/conline/edcams/donotcall/index.html](http://www.ftc.gov/bcp/conline/edcams/donotcall/index.html).

## Community Bulletin Board Guidelines

This space is available exclusively for ATMC members selling personal items. Bulk items are not eligible. Word limit is 10 words per customer. One ad per customer per 6-month period. Ads longer than 10 words will not be considered for publication. Deadline for each issue is the 5th of the month preceding the month of publication. Ads may be mailed to P.O. Box 3198 / Shallotte, NC 28459 / Attn: PR Department or faxed to (910) 754-3768, sent via email to [dyarbrough@atmc.coop](mailto:dyarbrough@atmc.coop) or posted at ATMC's new web portal at [www.atmconline.com](http://www.atmconline.com). No ads will be accepted via telephone. Thank you for your cooperation.

## CABLE TV UPDATE

### BIG TEN NETWORK & BOOMERANG LAUNCHED

ATMC Cable has added the Big Ten Network (Ch. 259) and Boomerang (Ch. 224) to its cable TV lineup. The Big Ten Network includes football games, men's and women's basketball games and more than 170 additional Big Ten Conference sporting events, along with coaches' shows and campus programming.

Boomerang includes classic cartoon favorites like Yogi Bear, Huckleberry Hound, Magilla Gorilla and Popeye and is the exclusive home to The Flintstones and The Jetsons.

Both networks are available as part of the Bronze Plus, Silver Plus, Gold Plus and Platinum Plus packages.

### ATMC ADDS MORE HD NETWORKS

ATMC Cable has added more HD networks to its growing lineup of high definition channels. The additions of Fox News HD (Ch. 905), Weather Channel HD (Ch. 900), and Sci-Fi HD (Ch. 940), bring ATMC's total number of HD channels to 37.

Each network is a simulcast of its standard definition network and is available at no extra cost to customers with the Expanded Basic cable TV package and an HD digital cable box or HD-DVR.

For more information on ATMC Digital Cable, call 754-4311.

## PROXY

As a member of the Atlantic Telephone Membership Corporation, I, the undersigned, hereby appoint \_\_\_\_\_

my proxy to vote in my stead at the meeting of the members to be held at the Odell Williamson Auditorium on the campus of Brunswick Community College in Supply, North Carolina on October 10, 2008.

I realize that it is my duty as a member of this cooperative to take an active interest in its affairs and to exercise my voting privileges in person. However, as I find it impossible to attend the meeting in person, I have carefully considered the business which to my knowledge is to be acted upon, and have discussed it with my neighbors who are also members, and have decided to give my proxy to the person named above, who is a member in his own right and who has agreed to vote this proxy on all matters as he honestly believes I would vote if I were present. I hereby ratify and confirm my proxy's vote in my stead.

Witness my hand and seal this \_\_\_\_\_ day of \_\_\_\_\_ (Seal)

Signature of member giving proxy

DIRECTORY LISTING \_\_\_\_\_ Please Print

TELEPHONE NUMBER \_\_\_\_\_

### **SPECIAL NOTICE**

All proxies for the October 10, 2008 Annual Meeting must be registered on or before October 8, 2008 at 5:00 PM. For additional information, read section 3.07 on page 43 of the July 2008 edition of the ATMC Telephone Directory or visit ATMC's website at [www.atmc.net](http://www.atmc.net).
