

Notice of New Late Payment Fee and Interest Charge

Effective October 1 2011, ATMC will begin assessing a late payment fee on any account that has not been paid in full by the payment due date. If the balance on an account is not paid in full by the payment due date, a late charge will be calculated by: multiplying your past due account balance by the late charge of one percent, or two dollars, whichever is the greater. This late charge will be added to the amount you owe and will be reflected on your next bill statement. The late payment fee will apply each month you have a past due balance, even if a late payment fee has already been added to the amount you owed in a prior period. If you have questions regarding this notice, please contact ATMC at 910-754-4311 or 888-367-2862 (toll-free).
