

ATMC Cable Update

Effective April 1, 2010

Effective April 1, 2010, the Music Choice channels (801 – 845) will be available as part of any ATMC cable package, including Basic and Expanded. Music Choice was previously available with a digital package.

A digital device is required to receive these channels.

All Music Choice channels (801-845) will remain in their current channel positions.
