

ATMC Cable Update

Effective February 16, 2009

Toon Disney (channel 223) has been rebranded as Disney XD. Toon Disney is no longer a television network.

Disney XD will feature content directed towards kids 6-14 years old. Disney XD will continue to offer classic and contemporary Disney animation, as well as live action and new series.

Disney XD replaces Toon Disney on channel 223 and is available as part of all Digital Plus Packages. This decision was made by the network and is out of our control.
